# Summary

---

Our members continued to display their professionalism in June. Increasing numbers of visitors from out of the area added to our call volume along with multiple fires, vehicle accidents, and aiding area departments that were feeling the same increase in demand for service. The largest incident of the month was the barn fire on Ryant Rd. Even though there was some loss of property no animals were injured, part of the barn was salvaged and even though it was a hot day no members reported any injuries. Another thank you must be given to the area departments that assisted with manpower and equipment to help us bring the incident to a quick and safe conclusion.

Unfortunately, one of our fulltime members resigned at the end of May so we also posted a Fulltime Firefighter/EMT or Fulltime Firefighter/Paramedic position midway through June. We received some interest, and we are excited about our potential to bring on an experienced member that will be able to jump in and help us out immediately. More to come on this in July!

Respectfully Submitted,
